

Feedback on a medicinal product or an indication already described in the Vademecum

Dear Colleagues,

Via the formulary you can share your experience and thus contribute to the future development of the Vademecum and to maintaining the best possible level of current knowledge in the practice of anthroposophic medicine worldwide.

Two kinds of reporting are possible:

- Reports on medicinal products and indications which have already been described in the Vademecum.
Your report may confirm, refine, supplement, refute or correct the given data.
Please use this form to submit your message.
- New reports on medicinal products or indications not yet presented in the Vademecum.
Please use the „Formulary New report“ (EN-Form-New-Report.pdf).

In all cases, please use the formularies provided and complete as fully – *but succinctly* – as possible and sign the declaration of consent for publication of your contribution.

We look forward to your contributions!

For the Editors

Georg Soldner, Markus Karutz

4th January 2017

You can download the current version of the formulary from www.vademecum.org.

If you have any questions, please contact editor@vademecum.org.

Feedback on a medicinal product or an indication already described in the Vademecum

Report to the Editorial Team

- Please use *one* form per indication and tick as appropriate.
- Please use Adobe Reader also on Mac computers. The Preview Apple program is not suitable for completing PDF forms.
